Endeavoring to keep within the constraints of Proposition 2½, the few voters turned down a plea from residents of Holly Woods area who sought to have Holly Woods Road paved, at least partially the first year, at a cost of $10,000.

A resident of the area said you will be astounded at the cost of car repairs from the pot holes in the road. He also noted the property in the Holly Woods section is assessed at over $7 million, and pays about $180,000 in taxes and have just three students in public schools. O'Brien agreed the road is in bad shape, but "we don't have enough money this year". Richard Chase asked about the $89,000 in the General Highway Fund. Highway Surveyor Manuel R. Nunes, Jr. responded saying, "we're broke!"

A non-resident and former resident of Raynham, where he served as a member of that town's Finance Committee, said that Mattapoisett should have a capital expenditure account, as the town seems to be in danger of depleting its free cash account. O'Brien responded by noting that the town has a Stabilization Fund of $62,000 that is similar to a general fund. Also, that this is the first year Mattapoisett has used all its free cash to stay within the 2½ limit.

Going against the Finance Committee's recommendation, voters added $800. to the Water Department's budget under out-of-state travel expenses. Retired Water Commissioner Winfield Jenney pleaded to have the amount inserted to allow Water Superintendent William Nicholson to attend the American Water Works Association Conference in Lancaster, Pennsylvania this year.

Jenney said there has always been a representative at this once-a-year meeting and gives the superintendent the opportunity to

gain professional knowledge in his field. Jenney was backed in the recommendation by Charles A. Morgan, retired Water Department Superintendent.

The Fire Chief's salary was changed to read $4,800 rather than $1,470 per year. Selectman Frank Suzan explained, "In the past the Fire Chief received a salary plus a sum for each fire and each inspection in 1983 which averaged the same as the amended salary request. This change will make for less involved bookkeping."

Two articles presented by private petitioners to amend zoning by-laws were defeated. Speaking on behalf of developer James A. Bungert, Attorney Clyde Hanyon displayed a map showing the Route 6 section where Bungert wished to have changed the permitted uses in the General Business zone to allow "multi-family dwellings of no more than six dwelling units".

At the present time zoning rules allow only for four-dwelling units without a Special Permit. The petition was defeated overwhelmingly, with a 2/3 vote necessary for passage. George Heinz, chairman of the Zoning Board of Appeals, noted that if the amendment is passed there would be no allowance for input from abutters.

A second petition filed by George Correa, a real estate broker, to have the section on Route 6 between Gaetano's Restaurant and the Pallatroni and Gingras sand pit and 200 feet in made General Business District was defeated 48-48. Correa explained he had a town resident who wished to buy land to construct a gourmet pastry shop and antique shop if the zone was changed. Voter Mrs. Priscilla Hathaway felt the town should be thinking beyond the early part of the century with individual shops and move ahead to a more modern mall with a buffer zone.

Voters authorized the Board of Selectmen to negotiate a contract with SEMASS for the

disposal of the town's solid waste and for Energy Answers Corp. to build a treatment plant in Rochester.

Daniel C. Lee, chairman of the Board of Health, said, "Landfills are not the answer anymore. We expect the waste treatment plant to be operational by 1987." In answering a question about tires and heavy brush, Lee said these will be taken. "The only exceptions will be such items as refrigerators and tubs, and these will have to go into our present landfill which we expect to operate on a part-time basis".

Beyond the budget to operate town departments, the sum of $2,800 was raised and appropriated for mosquito control to be used for digging ditches in swampy infested areas.

Voters accepted a gift of land from Mrs. William Deery located at Angelica Point. It was described by Selectman James F. Huntoon as a lovely area and the last parcel of land the town needed to gain legal access to other town land.

In a brief discussion as to why the town did not want to spend $300. on the Tri-Town River Committee, Selectmen Huntoon explained there is $1,900 left in the budget that was not used last year. The indefinite postponement of this article will not disqualify the town from being involved in the maintenance of the river, but "we just don't need the money now". The article did not pass.

Articles that passed with funds transferred from Free Cash were:

--$78,583 to reduce the tax rate. Finance Committee Chairman O'Brien said this amount should keep the town within the 2½ limitation.

--$40,000 to the Reserve Fund.

--$25,600 to purchase three marked police cruisers and to trade in one 1982 cruiser and two 1983 cruisers. Police Chief James Moran explained the 1982 cruiser had over 130,000 miles and is on its third engine; the 1983's each have over 60,000 miles.

-- $8,000 as the town's share towards the purchase of a $35,000 specially-built van to be used by the Council on Aging. A grant

from Coastline Elderly Services will pay the balance. It was noted that if the present 1979 van is sold, the proceeds will go into general revenue.

--$3,000 as the town's cost to construct the foundation and cement flooring for a 40-foot by 90-foot salt storage shed to be built on the town barn property. The state will pay for the construction of the shed.

Non-money articles passed include:

--Exempting the plumbing inspector from the Civil Service.

--Amending the wording in the Personnel By-Law referring to male/female employees.

--Adopted wharf regulations as to the area to be used and the charges for parking and repairing boats.

--A new pay grade 11 was added to the wage and salary plan for a minimum of $3.48 to a maximum of $3.96 per hour.

Articles defeated include:

--Funds for Chapter 90 road construction.

--$12,500 for design and grant application costs for sewer main extensions.

--$6,500 for repair and paint to the outside of the North Street water standpipe.

--$8,000 for a new sand spreader for the highway department. Highway Surveyor Manuel Nunes said the present one is 26 years old and needs to be replaced.

--Purchase or acquire by eminent domain certain lands for a new well site - no cost figure was given. Moderator R. William Blasdale commented, "This is one of those items we should be doing but under the constraints of Proposition 2½ we are prevented from doing."

--To raise and appropriate, tranfer or borrow funds to install a reinforcement water main from Park Street to Reservation Road. Superintendent Nicholson gave the cost as $150,000 from the town: $137,750 state grant for a total of $281,500.

--$38,000 for a backhoe loader to be used by both the highway department and the water department.

--$20,000 for wharf repair.

--$75. to install street lighting on Upland Way.

--Adoption of a state general law provision "to exempt former prisoners of war

from paying excise taxes". Al Goodwin moved the article without any specific comment. A voter spoke, saying, "This action would be prioritizing pain" and "where do we draw the line as to who will be exempt when there are others who have suffered". Selectman Huntoon commented the amount would be insignificant, and "we could take the issue one at a time in order not to set a precedent".

Selectmen Chairman John N. DeCosta opened the meeting with the invocation and an observance of silence for town employees who died during the past year: Walter Apperson, Assessor for 22 years; Paul J. Bradley, Fire Chief for 15 years; and Grace N. DeCosta, Town Nurse for 30 years.

At the conclusion of the meeting, Moderator Blasdale expressed his personal opinion "that Proposition 2½ was okay when it was first passed, but it now needs modification".

CABLE TV COMMITTEE REAPPOINTED

Because the Cable TV Committee has been working so well with Eric Shultz of the American Cablesystems, Selectmen Tuesday reappointed the committee for another year. Three members of the committee, Mortimer D. Zajac, John E. Clark and Alexandra A. Crampton, met with Shultz and Selectmen to discuss the progress of new lines throughout the town, any problems or concerns.

Shultz said work should be completed the week of May 14 in the Point Connett, Holly Woods and Wolf Island Road areas, thus completing town coverage. He said he has been very pleased with the percentage of persons signing up for cable; about 80 percent in the Brandt Island Road area and 65 percent in the Tinkhamtown area. Shultz added that "a few years ago it would have been considered a good coverage at 50 percent. That has changed quite a bit."

Not present were committee members Vincent J. Worden and Gary A. Jacobsen. The Board of Selectmen also serve as members on the committee. The Cable Committee will meet in six months with Shultz unless a problem arises necessitating an earlier meeting.

THE FIRST 396

When we sat down to write this, it was going to be sort of an annual report on how we have done after a little more than a year. It was going to be very serious and thoughtful and most probably quite boring.

Instead after reading the first draft (available on request) it seemed much better to just say thank you. As customers 99 9/10% of you have been terrific. You have been kind enough to support our successes and discreet enough to look the other way when we stubbed our toe. You have made the first 396 days an adventure, but more important you have made it a pleasure.

Thanks! the Bookstall

In response to a question from a committee member concerning the purchase of a new television set, Shultz said a set with either upper band or super band numbers is better equipped to blend with cable than one with fewer band numbers. He advised caution in purchasing a set and to be sure to know what you are buying.

On a similar matter, Selectmen announced that because of Mattapoisett's warm reception and support of American Cablesystems, the company has donated $287. to the Old Rochester Regional High School's general scholarship fund. The company will also sponsor the town's July 4 road race. A letter will be sent to the cable company thanking it for its continued community support.

In other business, Selectmen:

MET with Robert Simmons and Charles Prefontaine, organizers of the annual July 4th Road Race.

Simmons explained that this year will be the 14th year the annual five-mile road race has been held. He said a 6th category will be added this year - age 50 and older, male or female. A new route will be announced at a later date. Because of congestion on Route 6 last year, this road will be used as little as possible, Simmons added.

Simmons noted 12 $100. scholarships were

awarded last year with proceeds after expenses. The race committee expects it to be about 14 this year.

Selectmen Chairman John DeCosta said the board will continue to give the Selectmen's trophy and will support the race committee in any way they can.

HEARD from Dorris Mansfield, grandmother of William Mansfield, Jr. (Jay), in which she informed the board she is no longer opposed to a marina being located at the Jay Mansfield property. She also has no objection to Jay's using the easement and right of way for marine purposes.

APPOINTED Police Chief James Moran to a three-year term and Lt. James Santos to a three-year term rather than the present one-year term appointment.

Town Counsel Donald Fleming submitted the opinion that explained it is legal to appoint the two officers for a two or three-year term and revert back to a one-year term at a later date, if circumstances are changed.

ACCEPTED an invitation from Center School Principal Katherine Kozicki to participate in the Flag Day Ceremonies June 14. Chairman DeCosta will represent the board.

APPOINTED Elaine Sylvia, Selectmen's secretary, as a member-at-large to the Veterans' Executive Council. A notice from Rochester Selectmen, who are joint members with Mattapoisett, gave their support to Elaine's appointment.

READ a letter from Mr. and Mrs. Albert Sylvia, 28 Pearl Street, regarding a town tree that could possibly pose a potential hazard. Selectmen will notify Wesley Bowman, Tree Warden, to check the tree.

WERE ADVISED by Sheriff Peter Flynn of a special services K-nine and Mounted unit available to Plymouth County. The K-nine unit can be used in an emergency, such as looking for a lost child, at no charge.

When the mounted unit is used for non-emergency uses, such as patroling the beach, there will be a charge.

THANKED Executive Secretary Carol Adams, Secretary Elaine Sylvia and Town Hall employees for their efforts in the preparation of the budget, town reports and warrant.

Chairman DeCosta, in commenting on the annual town meeting held on Monday, said he was pleased with voters' response to the articles and felt it was one of the finer meetings "we've had in a long time".

AGREED to transfer funds from the Reserve Fund to purchase CB equipment and a dog cage for the dog officer, contingent upon the approval of the Town Accountant and the Finance Committee. The sums would be $110. for the cage, $69.95 each for two CB's, and $15.95 each for two antennas - total $281.80.

will entertain by playing the first two selections on the program, Stars and Stripes Forever and God Bless America.

The Gettysburg Address will be recited by Melissa Rocha, 68 Church, an 8th grade student of Old Rochester Regional Junior High School.

The address will be given by Eric G. Newberg, Jr., Commander, USN (Ret.).

The other two musical selections will be played by the Old Hammondtown School Band. They are Hammocan March by the late Mr. Jarvis Medeiros and the Star Spangled Banner.

All units in the parade will form in front of the Monument for Memorial Services.

The parade will form on Barstow Street headed north. The parade will proceed to Church Street, right to North Street, right to Water Street, west on Water Street to the Town Wharf for Memorial Salute to the men lost at sea. From there, west on Water to Main Street, to Acushnet Road and then to Cushing Cemetery.

After the ceremonies the parade will proceed to Legion Hall for dismissal. Refreshments will be served to the marchers by members of the American Legion Post 280 Auxiliary.

In case of rain, the parade will be omitted and ceremonies will be held at the Gilbert D. Bristol Auditorium at Old Rochester Regional High School at 1:30 p.m.

Parade Marshalls will be Lt. Col. George S. White and Major Charles Morgan.

All units participating in the Memorial Day Parade and Observance in Marion are requested to report to the Music Hall, Front and Cottage Streets, at 8 a.m. on Monday, May 28th. All units will be in Parade formation by 8:45 a.m.

The Memorial Day Observance will begin with the raising of the colors by the Marion V.F.W. with National Anthem by the Old Rochester Regional High School Band. After a short ceremony at the Civil War Monument the parade will proceed as follows: south on Front Street to Main Street, turn west on Main Street to Route 6, then turn south to entrance of Evergreen Cemetery, proceeding to the rear of the cemetery to the Civil War Monument. The parade returns to Route 6 through the same entrance, turns north on Route 6 to Main Street, proceeds east on Main Street to Spring Street and stops between the Town Hall and Library (WWI Monument). The parade continues north on Spring Street to Old Landing Cemetery for graveside ceremony at the grave of Benjamin D. Cushing, then proceeds through the cemetery, north on Route 6 to Ryder's Lane, east on Ryder's Lane and to Old Landing Wharf and the WWII Monument. A rededication ceremony for the new Korean and Viet Nam Munuments will immediately follow; the parade will then continue south on Front Street, returning to the Music Hall.

All area veterans are invited to participate.

Career Boxes

CENTER SCHOOL RECEIVES PRIZE COLLECTION

A priceless collection of shoe boxes was presented to the faculty of Center School last Wednesday by their principal, Mrs. Katherine Kozicki, who received the unique gift earlier in the day from Mrs. Marge Aleardi.

Acting upon a suggestion for a project on career awareness from Mrs. Connie Pallatroni, Kindergarten teacher at Center School, Mrs. Aleardi, the E.P.S.F. Homemade Materials Chairperson, contacted professionals from the community and shared the idea with them. They in turn created shoe box, lunch box, or mailing envelope kits, packed full with interesting hands-on materials, tools, supplies, and literature relating to their individual careers.

The Center School teachers were delighted, as well as surprised, to learn that just as "you can't tell a book by its cover", so, too, with shoe boxes! Taking off the cover on the orthodontist's box, gasps of amazement were heard throughout the room -- braces, retainers, instruments for attachment, elastics, mirrors, and brochures spilled out onto the table and filled the teachers with interest for the profession. And that was just the beginning. Hardly seconds passed before all the lids were lifted and the room filled with "ooo's" and "ahh's" and "I wish I had this when we were studying such and such a career....Won't the children love these!"

With sincere gratitude, the faculty and principal of Center School thank:

Mrs. Marilyn Searle for her Librarian career box, Mrs. Katherine Roberts-Gaudet for her Teacher career box, Dr. Philip Gaudet for his Veterinarian career box, Mrs. Ashleyn Stroud for her Interior Decorator career box, Mr. Jason Dean for his Electrical Engineer career box, Dr. Alfredo Xavier for his Surgeon career box, Mrs. Pamela Beard for her Nurse career box, Mr. Ronald Beard for his Electrician career box, Mr. Ross Upton for his Banker career box, Mr. George Arguin for his Printer career box, Mr. Russell Chase for his Carpenter career box, and Dr. Joseph

Such a wonderful idea has tremendous room for growth. If you would like to fill a shoe box with items that would represent your career (part time or full, professional or non-professional), we welcome any and all contributions, with certain knowledge that the children of Center School will be enriched by and totally interested in your gift. Super Unleaded Gasoline "It's so powerful!"

Whether your car is required to use an unleaded fuel or not, you'll want to try it!

A "New Improved" higher octane unleaded that fights knocking, pinging and engine "run-on".

Because its octane level is sufficiently high to meet octane requirements for most cars on the road today, it may be of benefit to your car regardless of Leaded/ Unleaded requirements... because, if your engine is properly tuned but still shakes, sputters and runs unevenly after you turn the key off, try "New Improved".

Prom Contracts

CONTRACT FOR LIFE

The young body is such a symphony of precision, control and balance that only those who newly possess this magnificent machine can ever take it casually. Yet, with Proms approaching, a number of young people are completing plans to protect themselves from harm. Contracts have been drawn and will be signed by students and contracts have been sent home to parents for signature to pledge a plan of action on Prom night that is designed to preserve the joy of the occasion both in the tasting and in the aftermath. The evidence of a recent past will never have been lost upon the people of our towns who were stunned by the tragic results of alcohol impaired driving. The lesson was a revelation. What God has tuned into a symphony no surgeon can reassemble in the same way. No one on this earth can restore the sweet breath of life. With this in mind, and a contract to reinforce the resolve Prom goers hope to go to dance, party and to use their friendship as a shield to protect each other. It's a good plan. Life is sweet and should be enjoyed with all systems tuned to a perfection that only is attainable by the most fortunate and young.

AMERICAN CABLESYSTEMS
PRESENTS CHECK FOR SCHOLARSHIP FUND

General Manager Eric Schultz announced that American Cablesystems has presented a check for $287.00 to the Old Rochester Regional School District Scholarship Fund. The scholarship will be awarded to an Old Rochester Regional High School senior demonstrating excellence in academics and school citizenship.

Schultz said, "The award represents a special thanks to the towns of Marion and Mattapoisett for their warm reception of Cablesystems in 1983-1984 and also our ongoing support for the community's activities and citizens."

The size of the award was based on subscriber growth in the cable system during March and April. "By cabling Brandt Island, Mattapoisett Neck and Tinkhamtown in Mattapoisett, Planting Island in Marion, and Agawam Lake Shores in Wareham, we experienced rapid growth throughout the system", Schultz added.

"We are pleased to be able to join a growing group of area businesses which are interested and active in community affairs."

Letter to The Editor

On Wednesday, March 21, 1984, I had the opportunity to experience what Cooperative Education is all about. I accompanied Robert Bettencourt, Old Colony Regional Vocational Technical High School faculty, on a visit to students of the Welding Department, who are working on a Co-op basis with industry. This was a very enlightening and rewarding experience.

At that time I was able to see these students at work and to talk and ask questions

of them and their employers. Each employer stated that they were extremely pleased with the students; that they showed good basic skills, but most important, they were pleased with the students' attitudes and spirit of cooperation.

I believe that everyone connected with Old Colony Regional Vocational Technical High School; students, faculty, administration, school committee members and parents, should be proud of the product turned out by the school. The taxpayers of the Old Colony School District should be happy to learn that Old Colony is accomplishing the primary purpose of education; preparing a student to enter the world of work and to become a useful member of society.

I am proud to be a member of the Old Colony Advisory Committee. My background includes eleven (11) years on the faculty at Wentworth Institute of Technology in Boston (Welding Engineering program) and 33 years with Bethlehem Steel (Boston division) as a Welding Engineer.

TO THE EDITOR

On Saturday, April 28th, the Springtime Potpourri Auction was held at the Wareham Town Hall by the Tobey Hospital Guild. The committee chairmen, Mrs. Robert Douglas and Mrs. Albert Love, wish to thank all the dedicated individuals who worked hard to make this event a success. A special thank you to the merchants and to those who made donations, making it possible to reach the sum of $4846.40 which will be used to purchase items from the Capital Equipment list for Tobey Hospital.

The following articles of used surplus equipment are still available: seven electric beds, six over-the-bed tables, three bedside tables, one caned wood wheel chair, four standing ash trays, one IV pole, one oak fireplace front, two small chairs, and upright piano. Successful Bike-a-thon

A total of 237 miles were covered by riders in a Bike-A-Thon fund-raiser for St. Jude Children's Research Hospital held in Marion last Saturday. Participants riding laps on a 1½ mile course ranged in age from teens down to young Jaime Caswell who rode her tricycle 2 miles on a special course with her mother, Pat Caswell, walking alongside (yea Mom!).

Bike-A-Thon Chairman Roy Rider of Marion wishes to thank the following for a great effort:

Tammie (Braley) Caswell, Jaime Caswell (and her Mom), Lori Nye, Jay Jay Caton, Chris Byron, Heidi Peterson, Derek Peterson, Sarah Beardsley, Alane Inman, Elizabeth Briggs, Gabe Houdelette, Alex Gervais, Anthony Gervais, Jeff Boyd, Zachary Keir, Erik Rider, Kristin Rider, Brandon Arruda, Stephanie Caron, Ron Nye, Holly Danhauser, Michael and Kathy Bartholomew.

Rider also wishes to thank Sue Byron, Trish Gervais, Sheila Rider, and Roger Briggs for helping with paperwork, supervision and refreshments.

"The money raised from the ride will help continue the research into childhood cancer and other catastrophic diseases," Rider said. "Children everywhere will be helped by this successful Bike-A-Thon and by the progress being made at St. Jude Hospital."

Rider urged all sponsors and riders to turn in their donations by May 21st at 42 Front Street, Marion.

Among the ten state-wide awards to be given during the evening, two will be local recipients. Claremont Development Associates, Inc., Patrick Carney, President, developers of the National Register Car Barn, Times-Olympia buildings and the Duff Building, have been recognized for their continuous commitment to historic preservation in New Bedford through Claremont's ongoing revitalization efforts. Claremont's historic rehabilitation projects have proven again and again that adaptive re-use of historic structures not only preserves our architectural heritage, but also stimulates the economy and creates jobs. Claremont has approached preservation in New Bedford in a manner which produces results of uniformly high quality and they deserve to be recognized as a major contributor to historic preservation.

The Fairhaven High Alumni Association and Town of Fairhaven will be recognized for their unique cooperative fund-raising efforts in establishing an ongoing maintenance program for Fairhaven High School. Built in 1906 through the generosity of Fairhaven native Henry Huttleston Rogers and designed by Charles Brigham, Fairhaven High School is considered an architectural gem. The Fairhaven High Alumni Association and the Town of Fairhaven deserve to be singled out and recognized for their dedication and determination.

This event numbers a total of 76 awards presented since 1979, when the MHC es-

"The Marion office will offer the same wide range of services as the Parkwood Counseling Center in New Bedford does", explained Marc M. Weiner, Ph.D., director of the Parkwood Counseling Center. These services include programs for children, adolescents and adults; individual and marital counseling; psychological testing; and other related services. The Counseling Center's affiliation with Parkwood Hospital provides the additional benefit of direct medical referral services and inpatient mental health programs when appropriate. "As with all services of this type, we are particularly sensitive to the client's right to privacy and confidentiality," said Dr. Weiner.

In describing this latest expansion of Parkwood Hospital's services, Mr. Davis said, "This is just another step in our long range commitment to provide comprehensive, accessible programs to our entire service area."

The Parkwood Counseling Center's new Marion office will be staffed by a full-time counselor an office personnel, and will be open weekdays, with evening and weekend appointments available. For more information, contact Dr. Weiner at the Parkwood Counseling Center, 995-4400.

N.B. Whaling Museum

SUMMER SCHEDULE

New Bedford's famous Whaling Museum is open year-round from 9 to 5 Monday through Saturday and from 1 to 5 on Sundays. During the summer the Sunday opening is at 11.

Featured in the summer is a 22-minute film of an actual whaling voyage, shown daily at 10:30 and 1:30 and on Sundays at 2.

The fully-rigged, half-scale whaleship Lagoda, the largest ship model in the world, is always a favorite with families who may come aboard for a voyage back in time.

The scrimshaw, colonial kitchen, doll collection, rare prints and paintings, logbooks, models, glass and pewter are but a few of many exhibits visitors will enjoy.

One gallery, dedicated to the "World of the Whaleman", shows the places he roamed, the things he saw, and the souvenirs he brought home. Also displayed in this gallery are two large sections of the famous "three

an assistant principal, the youngest is a simple rank-and-file teacher. Their differing positions account for only a part of the rancor between them. The main points of their seething antagonisms are personal rather than professional ... stemming from the fact that the eldest had stolen the other sister's sweetheart and, through this marriage, which turned out loveless and miserable, had selfishly left her sisters the wasting burden of caring for their domineering mother during a lingering final illness.

The frazzled family threads of this trio snap violently when the fey and vulnerable younger sister comes to the brink of a mental breakdown. The three sisters attack one another with hate and the shreds of former affection; they also get off scathing brilliant wisecracks...and thus "Miss Reardon". with its revelation of rending bitterness and regrets, is also uproariously funny.

The cast also includes a cunning guidance counselor who offers to help in return of gaining a full teacher's certificate accompanied by her harshly honest husband, an excessively attentive landlady and a brash delivery boy. Rod Alton Hoel directs this drama of confrontations and dredged-up resentments.

Tickets will be available at the door. (Adult - some strong language). For further information call Mary Theresa Saurman in Middleboro, 947-5091.

The group, under the direction of Susan Turcotte and Katheryn Cholakiam, will play a variety of music from the Baroque classics: Handel, Bach and Vivaldi as well as European folk songs. Each member of the group has one private lesson and one group practice each week in addition to practice at home. Some of the children already have eight years of experience. The unique aspect of the Suzuki method is that reading is not a prerequisite for taking up the instrument, enabling children to begin their training at a very early age. The public is invited to attend the concert at the Museum for which there will be no extra charge beyond regular admission fees.

The Children's Museum will conduct six, one week Summer Day Camp sessions beginning July 10th at the Museum. The camps will meet Tuesday through Friday from 9:30 a.m. to 4 p.m. for one week each. The camps, which will feature indoor and outdoor activities, will be age-geared as follows: 5 and 6 year olds, July 10-13, July 17-20, July 24-27; 7 and 8 year olds - July 31-August 3, August 7-10; 9 and 10 year olds - August 14-17.

Children will take part in arts and crafts, language arts, nature activities, recreation, free time/naptime and take part in a special field trip. The Museum will provide snacks and drinks, but youngsters must provide their own lunches. A syllabus of activities will be provided to parents of registered youngsters. The camps will be taught by Chris Laubach, Museum Instructor, who has five years of summer day camp experience. At least one assistant will also be on hand. Sessions will be limited to 12 youngsters. The tuition fee is $65. ($60. for Museum members). A $25. deposit is required for pre-registration which is currently underway. Interested per-

LET SLEEPING DOGS LIE

"I recommend a study of family origins to readers who have not yet dug into their roots. Such study can provide a better understanding of yourself and of the world."

At 8 p.m. Thursday, May 17th, Dr. T. Noel Stern will present a program entitled "Let Sleeping Dogs Lie", a talk on the concealment of ancestry.

Born out of wedlock in the Victorian Age, both of Dr. Stern's parents invented an alias to conceal their identity. His mother referred to the great humiliation in their house as "the stain" ... a permanent ugly stain that refused to go away. But Dr. Stern's parents were brilliant, romantic idealists who went on to achieve a true identity in the world; his mother as a writer and his father as a criminologist. Consequently, Stern's parents passed along a variety of contradictory myths and values to their children. When Dr. Stern and his brother set out in 1975 to uncover the truth about their family, they had no idea that their search for legal documents and old family records would lead to such confusion. Their research resulted in a book written by Stern.

Dr. Stern earned his doctorate in political science at the University of Pennsylvania. Since 1964 he has taught political science at SMU. He has received numerous accolades and appointments from national and international organizations.

This intriguing presentation is sponsored by the Westport Historical Society and will take place at the newly renovated Bell School, 25 Drift Road, in the Head of Westport. The public is cordially invited to attend. There will be a $1. admission charge for non-members. Refreshments will be served. Please join us.

with business representatives at all levels, can assure that our marketplace operates on mutual trust and fairness".

This year's slogan is CONSUMERS MEAN BUSINESS. "The funeral industry is a business," states Marcia Goldberg, Executive Director of the Continental Association of Funeral and Memorial Societies (CAFMS). CAFMS represents consumers in close to 180 memorial societies around the country who educate their members and the public on alternatives in funeral arrangements. The wise purchaser of a funeral, and nearly every one of us will be in that situation some day, is properly informed and has given thought to his wishes and their costs before the actual need to make those arrangements.

"Many morticians have tried to capitalize on the concept of planning ahead by promoting 'pre-need plans'. 'Pre-need', as they see it, encourages people to make payments in advance for funeral arrangements. Memorial societies urge people to make their plans prior to need and to make certain that those individuals who will have to finalize them are so informed. There are too many problems connected with pre-payment schemes. The money paid today may not be available for an important emergency.

CAFMS announces the availability of a free pamphlet entitled "What You Need to Know About 'Pre-Need Planning and Financing". It also encouraged consumers to contact the national office for information about memorial societies that will help ensure your arrangements are carried out as intended and at a reasonable cost. This information can be ordered from the Continental Association of Funeral and Memorial Societies, 2001 S Street, N.W., Suite 530, Washington, D.C. 20009.

A panel entitled "Choosing Not to Prolong Dying" is to be presented. Panelists will be representatives of the medical, religious and legislative fields. The public is cordially invited to attend and take advantage of an opportunity to become further informed on a subject not only of wide interest, but also of increasing community concern. A question and answer period will follow the panel presentation.

Fisheries Advisories

BOTTOM TRAWL SURVEY

During May the Massachusetts Division of Marine Fisheries will be conducting its spring coastwide fishery resource assessment bottom trawl survey. The purpose is to monitor inshore distribution and relative seasonal abundance of fish stocks to improve the scientific basis for marine fisheries management. This is the 7th year that this survey has been conducted by the Division.

The National Oceanic and Atmospheric Administration (NOAA) ship R/V Gloria Michelle has been chartered to conduct the research trawling within the three-mile-limit and in areas closed to commercial dragging. As in past years the vessel will endeavor to stay clear of apreas where the lobstermen and fishermen have set fixed gear. If any gear is unavoidably disturbed, we shall minimize damage, identify the owner, and notify him/her of the interception.

The Gloria Michelle is a 65' western rigged stern trawler with a green hull and white deckhouse. She will be flying the state flag when Division personnel are aboard to help in identification. Radio communication at sea will be welcomed whenever fishermen believe it necessary to contact the vessel to avoid fixed gear. The vessel's call letters are: KJLW.

The Lloyd Center

The Lloyd Center for Environmental Studies, 430 Potomska Road, South Dartmouth, will be celebrating Memorial Day Weekend with a 3-day Open House and several special events.

On Saturday, May 26th, Osprey-watching expeditions to the Westport River will leave from the Center at 9 a.m. and 2 p.m. The 30+ pairs of Ospreys which make the Westport River their nesting grounds have returned for the season, and are rebuilding their nests and beginning to incubate eggs. The outings will be led by Mr. Gil Fernandes, who, along with Mrs. Fernandes, has been largely responsible for setting out nesting platforms for the birds, and generally encouraging their return to the River. Don't miss this opportunity to learn about these remarkable raptors from someone who has studied and worked with them for many years.

Sunday, May 27th, is Trail Day at the Lloyd Center. Guided walks along one of the Center's four trails will leave the building each hour from 11 a.m. through 3 p.m. for groups of 6 or more. Spring has sprung and the trails offer much of interest to nature-watchers and students of the out-of-doors.

On Monday, May 28th, the Center has planned a series of short outings onto the Slocum River, by skiff or canoe. Call 990-0505 for details.

JUNE WHALE WATCH

Join the Thornton W. Burgess Society and marine mammal expert Dave French, science teacher from Barnstable, on a Whale Watch out of Plymouth Harbor aboard the Captain John, a large comfortable vessel with two decks and a complete snack bar. Cruise across Cape Cod Bay in search of the humpback whale, the white-sided dolphin, finback whale or even a rare right whale. The date is Sunday, June 17th, from 1 to 5:30 p.m., a great way to celebrate Father's Day with the whole family. The cost is $14.50 for members of the Society, $16. for non-members. Send your check with a stamped, self-addressed envelope to Whale Watch, Green Briar Nature Center, 6 Discovery Hill Road, E. Sandwich, MA.02537, and tickets will be mailed to you. For further information call 888-6870.

JAM WORKSHOPS

Openings are still available in the following upcoming jam workshops to be held at the Green Briar Jam Kitchen in East Sandwich. All materials are provided as participants, working together in the congenial atmosphere of the old-fashioned kitchen, make 6-8 jars to take home. Wednesday, May 16,
